

1939 Truetone (Western Auto) Model D-119-B

Offered for sale by the National Capital Radio & Television Museum

\$64.95 (plus tax if you live in Maryland)

NOTE: This radio was donated to the Museum with the intent that it be sold. It is not an accessioned item from the collection.

It is an 8-tube radio with the broadcast band and two shortwave bands going up to 18 MHz.

It has been fully restored by the National Capital Radio & Television Museum and comes with a three month parts and labor guarantee. The cabinet is in good condition, original finish. A brand new magic eye tube has been installed. Sounds very good. Pushbuttons have some evidence of deterioration.
